

Love of Hussain

01/11/2014

Death is sweeter than honey
You can keep your jewels and money

In Hussain's way we die
Labbaik labbaik we cry

Is there anyone to help us?
He stood with few followers

Did anyone come and heed the call
Only few, the remaining did fall

Learn from their mistake
Shaytan's path they did take

We're not like those people
Whose low efforts were feeble

'Til the end we remain
Calling Hussain's name

We'll come to Karbala
Visit Hussain from afar

In our hearts is a fire
Heaven is our desire

Labbaik we say
Labbaik every day

As a vow to the Mahdi
We wait for him patiently

Oh mankind don't you betray him
Dedicated are those that serve him

Just like with Hussain
Call out Mahdi's name

And prepare for his reappearance
Oh Lord hasten the reappearance

The poet Sura Ali requests your duas.
