

Fatima Ummul Baneen a.s.

After Fatima passed who could follow

For Ali and his sons were in sorrow

This was something Fatima had foreseen

And there was no other than Ummul Baneen

You were called Fatima it was the same

And so for the children you changed your name

Your love for them was like no other

Caring for them just like their mother

Ali wanted children who could fight

Brave young men who knew what was wrong from right

A brother for Hassan and Hussain

And it was Abbas who helped ease his pain

With Abbas ummul baaneen sent you

To the last fight with the seventy two

She sent you both on that very day

Knowing that your journey maybe one way

Don't call me Ummul Baneen she cried

For on this day my children have died

Oh my dear Abbas my dear Hussain

This to your father how can I explain

Tell him I loved you like a mother

I loved you Hussain like no other

I gave it my all and I tried my best

Now my dear child with your father you rest

The poet Saeed Alhakeem asks for your dua
