

Imam Hassan Poem

O Hassan, my brother, they broke me
I cannot lose, you as well, akhi
How can I continue to live free
When heavens gate will, fall before me

I am torn when I see you vomit
What a crime did the wretched commit
I can't see as I cry a river
So I don't have to see your liver

I'm Hussain
I'm in pain
I will never forgive those to blame

Don't leave me stay with me your my whole universe Mujtaba

My Hassan open your eyes once more
Don't leave me I need you I'm at war

Sayed nayyar kazmi

I need you beside me please don't go
Your death will turn tears into blood flow

We were raised by our grandfather
He would say we are heavens masters
now they took their revenge on father
soon you will be with our mother

Mother wails
Father waits
They will go to God's thrones with complaints

Don't leave me stay with me your my whole universe Mujtaba

My brother, Mujtaba, o my life
Evil ended your life by your wife
The poison that flows through your pure veins
I would take from you, to end your pain

These were the lips kissed by grandfather
Now they leak your insides in horror

The poison now rips out your insides
Soon you'll find peace that Death will provide

Say Goodbye
One last time
Your pain is too much, my tears can't hide

Don't leave me stay with me your my whole universe Mujtaba

It hurts me they did treat you like this
They resisted, betrayed your leadership
Soon they will prevent your burial
Arrows will be shot by those evil

Ya Hussain don't worry about me
There will be no day like your day
I give you my Qasim in my place
He will fight and protect you with grace

My body
Your body
Will feel the burden of their arrows

Don't leave me stay with me your my whole universe Mujtaba

God will test all of those that he loves
He sends all of his praises from above
Your suffering will soon be over
And you will be meeting our mother

Tell me, what crime you see we have done
To help the poor and those down trodden
So do we deserve this fate truly
Oh sons of fatima and Ali

This our fate
This our fate
You and me brother this is our fate

I was there on the day that you died
Oh Hassan Our (R) whole family cried
And to ease all of your pain we tried
As we consoled you by your bedside

When you ask for water we do give
And I am here to stop your parched lips
How you want, drinkin gulps drink in sips
I won't let you go thirsty know this

My brother
I am here
For you but who will be there for me

Don't leave me stay with me your my whole universe Mujtaba

Oh you know I was right by your side
From my birth and for all of my life
Who will be next to me as I die
And who will weep for me who will cry
Oh Hassan remember your dry lips
From the jug I would give you small sips
Will there be anyone next to me
Hel min nasurun Yansurunee

All alone
Im alone
With no home and with no family

Don't leave me stay with me your my whole universe Mujtaba

The poet and the team at Islam poems asks kindly for your recitation of Surat al
Fatiha for their families
