I was called to kufa that was my fate
Then I think how long do you have to wait
Then I think how long do you have to wait
I faced their arrows horses swords and spear
But youve waited more than a thousand years
So many claim to be shia of mine
But when i called out there were none to find

غبار خاک پای قنبرم من x2 که عبد عبد حبد من

علی جان حب راه نجاتم
به نامت بگذرم از صراطم
به نامت الفتی دیرینه دارم
فقط عشق تو در سینه دارم
یا حیدر یا حیدر
حیدر حیدر حیدر

What advice do you have for me Hussain
How long must I keep enduring this pain
My heart yearns to be with my ahlulbayt
A thousand years now how long must I wait
A thousand years now how long must I wait
How many of my shia are busy
How many of my Shia think of me

به ذکر مسجد و دیرکو کنشتی ندارم جز کف پایت بهشتی نبود عالم بود طلوعت بده ما روزی بده بین رکوعت به صحن تو دلم غرق شرف شد از اول قبله ایوان نجف بود

And when I remember how you were slain
And when I remember how you were slain
I draw strength from you grandfather Hussain
I draw strength from you grandfather Hussain
And the time of my return is coming
Day after day for my shia I wait
day after day for my shia I wait
