

Mubahala

The Christians came to Mohammed to see
His thoughts on Jesus and the trinity
To ask if he thought he was Gods son
Or if he was God a spirit or none

Mohammed said it is just like Adams birth
For he had no father the first man on earth
He like us all was created from dust
By a God who is gracious merciful and just

They however refused this explanation
And so to reduce the inevitable frustration
To mubahala Mohammed did call
To settle the issue once and for all

Bring yourselves , your women and your sons
And we will bring ourselves our women and our sons
And so they decided next day at dawn
The truth for all it will be shown

Mohammed brought Fatima Hassan Hussain and Ali
When they saw this they understood the gravity
For Mohammed had brought the ahlulbayt
And his confidence in them was great

If it was not for my fear of Caesar I vow
That I would have submitted here and now
After hearing that the decision was easy
With the Muslims they made a peace treaty
