

Ali Al Ritha a.s.

Ali Al ritha the eighth Imam you were
And the son of Musa Ibin Jafar
To the prophet you were a relation
To people you were an inspiration

And born in the city of medina
on the day Eleventh of Dhu al Qidha
Were names Ali and titles Al- ridha
To father Musa and mother najma

He accompanied his father Musa
And he followed him wherever he went
And so that his knowledge may elevate
Truly becoming like the Ahlulbayt

And it was when Ali was thirty five
That his father Musa was killed and died
But the people's hearts with hatred were filled
And harun even tried to get him killed

And though he was dismissed to Khurasan
Bound to only live his life in Iran
He learnt and he prayed though in defiance
Knowledgeable in medical science

But Ali al ritha he was betrayed

Poisoned by AL Mamun with gifts of grapes

But his life we remember from the start

Ali al Ritha remains i our hearts.
