

Mohammed

Who is the greatest man  
And not just in Islam  
The best from all mankind  
And better you can't find  
No greater creation  
And our inspiration  
Oh who else but Mohammed  
Can only be Mohammed

The world was in the dark  
Truly lacking a spark  
A light to lead the way  
And not to go astray  
Oh you gave us the sight  
And providing the light  
It was you oh Mohammed  
Who guided us Mohammed

And though your life was hard  
By the people was scarred  
You had opposition  
Your uncle amongst them  
And at you they would moan  
And try to throw some stones  
How could they oh Mohammed  
To hurt you oh Mohammed

But on that ground you stood  
Wiping away the blood  
Tirelessly trying to teach  
For the masses you did preach  
To try and spread Islam  
And prevent any harm  
Our leader Mohammed  
The courageous Mohammed
