

Mehdi a.f.

Do you know who it is that we are waiting for
The sun behind the cloud the guardian from afar
I mean truly know the imam of our time
The imam who will appear at the end of the line

People ask why has he not arrived? surely now is right
is there not enough evil? do too few people fight?
Or maybe it is that there is not enough good
And that we must now stand as the Imams once stood

Waiting for his ummah for his three one three
For the righteous to gather when its time to free
The world from the shackles that hold it deep
Time to awaken those who are asleep

To remember those who are slain on the way to karbala
The innocents slain every year on ashura
We will mourn their passing and we will shed tears
But they must know that death is not what we fear

Oh imam of our time today we shout loudly
We are shiite Ali and we say it proudly
We pray for your appearance with every breath
And your return we await till our own death
