

Zainab a.s.

Who are we remembering today
which inspirational woman had paved the way
To a generation of faithful people
who recall the stances and actions of Zainab

Who else had the courage to stand up to what's right
Facing yazids darkness with such a brilliant light
Explaining his corruption and the evil he showed
Revealing the tyranny with your moving speeches

The granddaughter of the prophet went against yazids reign
Zainab bint Ali, carried on the message of Hussain
And today we remember the life that she had
We recall the her actions and the principles she held
