Prophet Muhammed

The best of creation
Our Inspiration
His name we say today
Muhammed Muhammed
His birth we celebrate
Truly that day was great
Today we remember

If I travelled through space
Just to get to that place
To see your holy face
Muhammed Muhammed
Oh to go back in time
Truly would be sublime
And joy would be defined

Who else in history
suffered adversity
And hurt so tragically
Muhammed Muhammed
And yet you stood your ground
And proclaimed Islam's sound
A sound thats so profound

Where would we be today
Truly we'd be astray
If it were not for him
Mohammed Mohammed
He taught us not to fear
To Islam we adhere
His message loud and clear
